29th April – 17th May

Trek to Everest Base Camp (EBC) and explore the Khumbu Icefall

Join us on this incredible journey as we venture into the heart of Sherpa country. Everest One will take you past the flags once you arrive in EBC, giving you the chance to explore this harsh, unforgiving environment. This is a great trip for anyone who wants to experience the magic of the Himalayas, walking in the steps of Sir Edmund Hillary and Tenzing Norgay.

Everest One have been exploring this region for over a decade, developing long term relationships with the local people and staying in the best tea houses along the way. We aim to get off the main trail whenever possible, giving trekkers the opportunity to see different aspects of this magnificent landscape and an experience of real family style hospitality in lesser known villages.

Everest One always offers premier climbing experiences, and Everest Base Camp is no exception. Our focus is quality, enjoyment, fun, safety and success. We will be with you every step of the way, guiding you with gear selection and training programs to help you achieve your goal.

> Your adventure begins here

You will find yourself surrounded by incredibly breathtaking views of the mountains that just keep on going

The trek to Everest base camp offers a colourful journey through Nepal's most famous valley the Khumbu, home of Mt Everest (8848m) and Lhotse (8501m). The trail also offers glimpses of other 8000m giants, Cho Oyu (8201m), Makalu (8463m) and Shishapangma (8013m).

The rolling landscape varies from lush low alpine vegetation to dry high altitude scrub land. Inhabiting this harsh land are the Sherpa people, an ethnic group famous for their hardiness, spirit and mountaineering prowess. This trek journeys into the heartland of the Sherpa people providing an insight into their rich Buddhist culture and traditional way of life. Sir Edmund Hillary grew a passion for Sherpas from his early mountaineering years and following Everest, spent his remaining years dedicated to fundraising and bringing development to the region.

You'll share the trail with yak and porters carrying supplies to Everest base camp (EBC). This unique opportunity gives a chance to mix with excited and anxious climbers, and gives close up views of the infamous Khumbu ice fall. The route does not require the use of any technical mountaineering equipment; we do not need crampons, ice axe or harness and there is no rock climbing involved.

> Trip Overview

Leaders don't force people to follow, they invite them on a journey and lead them to achieve their goals

> Allan Cohrs

As a guide in the Himalayas, Africa, South America and Australia and the owner of Everest One, Allan delivers a personalized service, focused on providing a safe, professional experience for his clients.

Sharing time with Allan in the mountains is a common theme most of our guests comment on and part of the reason why so many of our clients keep coming back. He is down to earth, humble, approachable, discreet, professional, caring and wants you to succeed, but also help you create unforgettable memories along the way.

He has guided in all corners of the globe with over 30 high altitude climbs in the Himalayas including Mt Everest (8850m), Lhotse (8516m), Cho Oyu (8200m), Manaslu (8163m), Baruntse (7162m) and Ama Dablam (6812m), along with 10 climbs of Mera Peak (6476m), 9 climbs of Lobuche East and Island Peak and numerous other 6000m+ climbs including Aconcagua, the highest peak in South America and 14 successful summits of Mt Kilimanjaro.

Together with expert guides and climbers (all with 8000m summits) under his leadership and Everest One banner, Allan encourages and motivates his clients with a positive mindset to believe in themselves, dig deeper when the journey seems to get tougher, ultimately aiming to lead them to the summit, but most importantly prioritizing on everyone's safety and well being from start to finish.

Sherpa Culture

Known as "Eastern People" in Tibet, Sherpas were nomads who migrated and settled in the Solukhumbu region around 500 years ago from Tibet. Their culture (i.e. dialect, dress and food) is similar to Tibetan, which is in stark contrast to the Hindu ethnic groups that are the majority in Nepal.

With a culture deeply rooted in Buddhism, Sherpas have a strong respect for the mountains and its spirits. First employed as high altitude porters on early Himalayan mountaineering expeditions, Sherpas are now by their own rights, well regarded accomplished climbers.

Team Safety & Trek Support

This trek reaches a maximum altitude of 5550m. As such, you may experience some effects of high altitude e.g. headaches, increased breathing, disturbed sleep as your body adapts.

The trek schedule has been designed to allow for proper acclimatisation. However, everyone responds to high altitude differently - walk slow, drink plenty of water (5L/day), listen to your body and alert your guide if you are feeling unwell.

Your guide will be carrying a well stocked first aid kit along the trail. It will contain commonly used medication including Diamox, ibuprofen and general antibiotics. It is easy to stay healthy and avoid bacterial/parasitic infections by eating from hygienic venues, and avoiding salad (raw) and unpeeled fruits.

Aside from the incredible scenery, this journey also lets you gain insights into the Nepalese and Buddhist culture

> Our Route

Our Route begins from the gateway airport town of Lukla at 2840m. Following the Dudh Kosi river on the valley floor, the trail first passes through farming villages of mixed Tamang, Rai and Sherpa communities. We then make a sharp ascent up to Namche, the capital of the Khumbu and the traditional trading centre of Sherpa people.

We take a less traveled road to Phortse, a typical Sherpa farming village and the site of the Alex Lowe Charitable Foundation's Khumbu Climbing School. Many Sherpa climbers come from Phortse and have been trained at the Khumbu Climbing School.

From here it's a short trek to Pangboche, the highest permanent Sherpa settlement. We acclimatise in Dingboche first before trekking the last few kilometres of a high altitude trail to EBC. The view of Everest and Lhotse from Kala Pattar, our highest point, is a magnificent reward! The return route passes through Tengboche and the Tengboche monastery. This is the largest monastery in the region and is open to visitors to share prayer time with monks.

> DAY 1 ARRIVE IN KATHMANDU, NEPAL

Your adventure begins here. An Everest One representative will collect you from the airport. It's a free day to recover from your international flight. Later in the evening, there will be a group briefing and welcome group dinner.

> DAY 2 EXPLORE KATHMANDU

This is a free day for you to explore the crazy, yet wondrously beautiful city of Kathmandu. Home to five World Heritage sites, Kathmandu is a stunning landscape of handcrafted wooden palaces (durbar or palace squares of Kathmandu, Lalitpur and Bhaktapur) and glorious Buddhist stupas (Swayambu and Boudhanath). It's a city that stimulates all senses, so be prepared because Kathmandu is a city that demands attention.

> DAY 3 FLY TO LUKLA AND TREK MONJO

Our trip begins with an early morning flight to Lukla that takes approximately 30 minutes. The flights travel over endless rolling hills covered with green terraces. Once in Lukla, we have a short break to organise porters and gear before starting our first day's walk, descending and ascending to Monjo. We pass green villages and colourful maniwalls as we follow the Dudh Kosi River upstream. This region is Buddhist so remember to walk clockwise or to the right of maniwalls and prayer poles. Monjo is an apple farming village situated near the base of the hill up to Namche. **Trekking Time 5 Hours >> Height 2840m**

> DAY 4 TREK FROM MONJO TO NAMCHE

Before leaving Monjo, we'll drop into the Khumbu National Park Information Centre where you can trace our trail from a 3D model of the region. The route crosses several steel suspension bridges covered with katas, white well-wishing scarves and prayer flags. From the last bridge, it's a 2-3 hour hike up to Namche. On a clear day, you can catch your first view of Everest from a lookout about mid-way up the hill. Once in Namche, you have the afternoon to rest, do souvenir shopping or relax and take in the view. **Trekking Time 5 Hours >> Height 3440m**

> DAY 5 ACCLIMATISATION DAY IN NAMCHE

We spend an extra day in Namche before trekking higher to allow our bodies to adjust to the lower levels of oxygen in the air. In the morning, we will walk up to the Everest View Hotel to enjoy a panoramic view of Everest, Ama dablam and Thamserku. It's just a taster for the spectacular scenery to come! From here, you can explore the villages of Khunde and Khumjung where Sir Edmund Hillary opened a hospital and school, respectively. Or the afternoon is free for wandering around Namche, emailing friends/family or relaxing over coffee and cakes in the bakery. **Height 3440m**

> DAY 6 TREK FROM NAMCHE TO PHORTSE

The trail behind Namche is a gentle track that traverses high above the Imja River overlooking views of Thamserku and Ama dablam. We pass a chorten in memory of Tenzing Norgay, Sir Edmund Hillary's climbing partner, before reaching Kyangjuma to break for morning tea. We split from the regular traffic of trekkers heading to Everest Base Camp by taking the higher road up to Mong for lunch enroute to Phortse.

Many villagers still depend on potato and buckwheat farming here, but Phortse is also known for producing many climbing Sherpas to supplement incomes. Since 2003, the Khumbu Climbing School which operates in Phortse has trained many keen young men and women. Every winter, renowned international climbers and local guides work together to run climbing courses. The partnership has not only increased climbing enthusiasm amongst locals, but has also improved general climbing safety. Afternoon to rest and relax.

Trekking Time 5 Hours >> Height 3810m

> DAY 7 TREK FROM PHORTSE TO PANGBOCHE

Heading out of Phortse you will see Cho Oyu, the sixth highest mountain in the world up the Ngozumba glacier leading to Gokyo lakes. The trail to Pangboche can be a more of a challenging day traversing with views of Tengboche monastery just across the valley. Pangboche is the highest permanent settlement with the oldest monastery in the Khumbu. The scenery from here to Lobuche is dominated by Ama dablam (6856m), one of the most picturesque mountains in the Khumbu, that is technically demanding to climb. **Trekking Time 3.5 Hours >> Height 3930m**

> DAY 8 TREK FROM PANGBOCHE TO DINGBOCHE

As we hike up the track towards Dingboche, there's a distinct change in the landscape as we cross the 4000m barrier. High altitude scrubs replace trees and formidable mountains suddenly appear within reach. You feel instantly that Everest must be close! Dingboche is the first of a series of settlements leading to Everest Base Camp established to accommodate trekkers. It is a seasonal village with a few fields and yaks. Play a game of snooker and do some much needed laundry. There are a few bakeries you can try too.

Trekking Time 4 Hours >> Height 4410m

> Everest Base Camp: detailed itinerary

Just above Dingboche along a plateau of yak herder shelters, we enter a serene sanctuary of panoramic mountains

> DAY 9 ACCLIMATISATION IN DINGBOCHE

We take a rest day in Dingboche to acclimatise. In the morning, we'll walk up to a lookout to touch the 5000m mark. It's a steep climb but we take it slow and the views of Makalu (8463m), Lhotse (8501m), Nuptse (7861m) and on clear days, Cho Oyu (8201m) and Shispangma (8013m) are worth any feelings of breathlessness. After lunch you can hike towards Chhukung village or down to Pheriche. Alternatively, curling up with a book and hot chocolate is also recommended. **Height 4410m**

> DAY 10 TREK FROM DINGBOCHE TO LOBUCHÉ

Just above Dingboche and along a plateau of yak herder shelters, we enter a serene sanctuary of panoramic mountains. Take a moment to absorb the feelings of excitement that Everest is just around the corner! Passing Dughla, it's a one hour hike up to Thokla pass (4830m) where memorials have been built for fallen climbers. We then cross rocky terrain to Lobuche for the night. **Trekking Time 5 Hours >> Height 4910m**

> DAY 11 TREK LOBUCHÉ TO EVEREST BASE CAMP

The journey to EBC from Lobuche is a relatively gentle ascent of rocky terrain that follows across and along the Khumbu glacier, and passes through Gorak Shep. This pile of rocks sitting at the foot of the infamous Khumbu ice fall in Spring is home to some 30 teams (hundreds of climbers and support staff) aspiring to climb Everest. We will spend 2 nights at the Everest One camp, absorbing the climbing atmosphere and excitement, and appreciating what it takes to climb the highest mountain in the world. Accommodation is a shared tent with full service

> DAY 12 REST DAY IN EVEREST BASE CAMP

This is a day to fully explore EBC. We will visit the Himalayan Rescue Association clinic and learn about the volunteer work they do to provide medical assistance to climbers. We'll venture into lower reaches of the Khumbu ice fall and understand why this is one of the most dangerous sections on the South route to Everest. Also, we'll visit other campsites and chat to climbers about their Everest climbing experience.

Few trekking companies can offer such an EBC experience so enjoy this unique twist of the classic EBC trek - Height 5364m

> DAY 13 TREK EBC TO PHERICHE VIA KALA PATTAR (Kala Pattar optional - time permitting)

From Gorak Shep and EBC, Pumo Ri (7165m), Lingtren (6749m) and Nuptse (7861m) are clearly visible. However, Everest and Lhotse are largely blocked by the face of Nuptse. To see these mountains, we must climb another vantage point behind Gorak Shep known as Kala Pattar or "Black Rock". It will be an early start from EBC to reach Kala Pattar summit (4 hr). At 5550m, this is the highest point on our trek! The summit provides a close and unobstructed view of Everest and Lhotse, undoubtedly a worthy reward for making the strenuous climb to the summit. We drop back to Gorak Shep for a snack before making the descent to Pheriche.

Trekking Time 7 Hours >> Height - EBC 5364m

> DAY 14 TREK PHERICHE TO TENGBOCHE

As we descend to lower altitudes, every step you take from here to Lukla, you will feel rejuvenated with increasing oxygen in the air. We have lunch at Pangboche, cross the river and pass through Deboche to reach our destination of Tengboche for the night. Tengboche monastery is famous for hosting the major Buddhist festival, Mani Rimdu, in November. The monastery itself was rebuilt after a fire in 1989. Visitors are allowed to observe prayer time with the monks at mid morning/mid afternoon. This is not to be missed! Also enjoy a cake at the bakery. **Trekking Time 4 Hours >> Height 3860m**

> DAY 15 TREK FROM TENGBOCHE TO MONJO

It's a big descent from Tengboche to the Dudh Kosi river crossing, followed by a 45 min hike up the otherside heading back to Namche. The trail from here is an easy traverse with familiar sights of Thamskerku and the Kongde range. We pause in Namche for lunch before making another big descent back to the valley floor. Crossing over the many suspension bridges in warmer temperatures again, we eventually break in Monjo for the night.

Trekking Time 5 Hours >> Height 2840m

> DAY 16 TREK FROM MONJO TO LUKLA

Enjoy the sights of the mani walls around Ghat and other villages, as we make our way back to Lukla. This is our last opportunity to take in the Buddhist culture that has prevailed throughout the trek before returning to the melting pot of cultures found in Kathmandu. Tonight we will have our group celebration dinner and thank the amazing Guides and Porters for their unconditional support and services along the way. **Trekking Time 3 Hours >> Height 2840m**

> Everest Base Camp: detailed itinerary

The scenery is dramatic with the two giants, Lhotse and Everest dominating the skyline

> DAY 17 FLY LUKLA TO KATHMANDU

Another early morning flight out of Lukla back to Kathmandu. You have the rest of the day to rest from the trek. A massage is highly recommended!

> DAY 18 KATHMANDU

Our last day to catch in some sight seeing, shop, relax and prepare for departure. If you didn't make it to Bhaktapur or the other durbar squares in Patan/ Kathmandu, make sure you don't miss these world heritage sites. They provide another viewpoint of Nepal's diverse culture & ancient architectural talents.

> DAY 19 DEPART KATHMANDU

We bid Kathmandu and Nepal farewell, until next time!

Note: daily walking hours are a guideline only.

> Additional Information

What's a typical day on the trail?

You will be woken up with a knock on your door around 6am by a staff member. You'll get dressed and packed for the day's walk, and have your duffel ready for your porter before breakfast 7am. The aim will be to leave the teahouse and hit the trail by 8am. On the trail, you'll carry a small day pack (20-40LL, 5kg) with your personal items, water, warm clothing and wet weather gear. Generally lunch is at the rest stop for the night, which leaves the afternoon free to rest and soak in the views. Dinner is at 7pm, and most trekkers then either read/play cards or head to bed early 8-9pm to prepare for the next day's adventure.

Climate

Spring is mostly dry but this can be broken by periods of cold and snow. In general, it's pleasant walking temperature. Below Namche, temperatures can reach ~24°C in the day. Whilst, above 4000m, day temperatures can range 15°C-20°C. Nights are cool but during storms it can drop to -10°C. Prepare cool and warm attire as suggested in the packing list.

Sleep & Food

Whilst on the trail, you'll sleep in local friendly teahouses. They provide basic accommodation (twin-share), common toilets and a large common dining hall. Teahouse kitchens cater for international and local tastes, from pizzas/pastas to typical Nepali favourites. Other facilities including showers, internet, battery charging and laundry are sometimes available for an extra cost. Your Kathmandu accommodation is a mid-range 3.5 star hotel, but we can adjust according to your budget (i.e. budget to 5-star). Note that meals in Kathmandu are not included in the cost. Plan for USD 10-15 per meal on these days.
